

- 1 Bolt on top plate.
- 2 Continuous 360° hydraulic rotation multi motors.
- 3 Reversed cylinder, protected rod.
- 4 Speed valve (except AS014R).
- 5 Body in high tensile steel.
- 6 Adjustment side guide for the mobile jaw.
- 7 Reversible blades, optimized cutting design.
- 8 Protected blade seats.
- 9 Protected front nose of the mobile jaw.

Options: central greasing.
